Per the heads up last week, the Keystone Group is looking to finalize the "presenters" for their roll-out presentation regarding the report entitled "Improving the Use of Science in Regulatory Decision-making: Dealing with Conflict of Interest and Bias in Scientific Advisory Panels, and Improving Scientific Systematic Reviews". They asked Ken given his new position and his previous participation on the Bipartisan Policy Center's (BPC) 2009 report entitled "Improving the Use of Science in Regulatory Support"

Please let me know if you have any comments on the attached by COB tomorrow Sept 11?

And I need to let them know by NOON on Wednesday Sept 12 regarding the request for Ken?

Hope to hear from you. I will next try by phone but thought best to send email as background.
